

I am pleased to offer this letter of recommendation for Class Acts Talent Agency. I have done business with Class Acts for the past 5 years and have found the Agency to be reliable and conscientious.

Class Acts natural zest to provide a positive and uniquely creative experience for their clients is apparent in the planning and development of their events. I have found them to be truly professional and prepared diligently for each project no matter how large or small.

Having said this, I recommend Class Acts as an excellent company to have a business relationship with and am sure you will find them to be as creative and spirited as I have.

Best Regards.
